Refunded if rejected

# Get listed in the directory

Pay once, submit once, and reach people looking for new tools. No subscription, no recurring fees. Approved Standard listings stay permanently.

## Standard Submission

Best for makers who want to get listed in our directory.

**$9** one-time

- Submit 1 product
- Manual review
- Listing in a relevant category
- Product name, logo, description, and website link
- Permanent listing if approved
- Featured placement for 30 days — a rotating sponsor slot on the homepage, every browse page, and every product page

Submit for $9 →

Most Popular

## Featured Submission

Best for makers who want faster review and longer exposure.

**$19** one-time

- Everything in Standard Submission
- Priority review
- Featured placement for 60 days — double the exposure

Get Featured for $19 →

You sign in with Google before paying, and your submission is refunded in full if it is not approved.

# How it works

Getting your product listed is straightforward. Here is what happens from payment to publication.

1

### Choose a plan

Pick Standard or Featured based on how long you want your product held in the sponsor slot.

2

### Complete payment

Pay once via Stripe. Your payment is secure and processed immediately.

3

### Fill in the submission form

Provide your product name, logo, description, website URL, and the category that fits best.

4

### Manual review

Our team reviews every submission for quality, relevance, and completeness before publishing.

5

### Get listed

Approved products go live in the directory and take a rotating sponsor slot across the site — 30 days on Standard, 60 on Featured.

# Submission rules

A few ground rules to keep the directory useful and high quality for everyone.

### One product per submission

### Real products only

Each payment covers a single product listing. Submit separately for each product you want listed.

Submissions must be live, publicly accessible products. Landing pages for unreleased products are not eligible.

### Complete information required

Your submission must include a valid logo, a clear product description (50–300 words), and a working website URL.

### Editorial discretion

We reserve the right to decline submissions that are low quality, spammy, or not a good fit for our audience.

### Refund policy

If your submission is rejected, your payment is fully refunded. Once a listing is approved and published, the payment is non-refundable.

## Frequently asked questions

### Is listing on Dir Hub free?

No — listings are paid and one-time. A Standard Submission is $9 and a Featured Submission is $19. There is no free tier and no recurring fees.

### What is the difference between Standard and Featured?

Standard ($9) includes manual review, a permanent listing in a relevant category, and a rotating sponsor slot across the site for 30 days. Featured ($19) adds priority review and doubles that placement to 60 days. Both plans get the same badge and the same slot — the difference is how long you hold it.

### How long does review take?

Every submission is reviewed manually by our team for quality and relevance. Featured submissions move to the front of the review queue.

### What happens if my submission is not approved?

Your payment is refunded in full. Once a listing is approved and published, the payment is non-refundable.

### How many products can I submit?

Each payment covers one product. Submit separately for each product you want listed.
